How this guide will help you

Thanks for choosing NCFE's Investing in Quality (IIQ) Licence. The main aim of this user guide is to help explain what's required to complete the application process by meeting the requirements for the 7 Quality Statements and the associated Performance Criteria; what to expect during the approval and monitoring visits; and how to register your courses and learners.

We hope that you find this guide useful. But don't worry, if you need any help or advice you can contact NCFE Accreditation Services team on 0191 240 8888 and we'll be able to offer you additional guidance and support. We'll also provide feedback on your application form and then once approved your course submission too.

We're always looking for ways of improving the support and guidance we offer, so if you've any comments or suggestions about this guide, please let us know by giving us a call on 0191 239 8000 or email: feedback@ncfe.org.uk.

Section 2

Introduction to the NCFE IIQ Licence

The NCFE IIQ Licence is a flexible, efficient and responsive service which allows you to have an unlimited number of courses accredited under your licence for one annual fee.

The licence allows you to gain accreditation from a national awarding organisation, providing you with the

support to ensure your courses are of a high standard. It gives you the freedom to develop courses to suit the needs of employers, learners and government objectives and also gives your centre the flexibility to tailor these courses to niche markets.

Section 3

How will the NCFE IIQ Licence benefit your learners?

- they'll receive an NCFE certificate of achievement
- provides external recognition for their achievements
- provide evidence of gaining new skills, knowledge and competence for their career development; progression into employment; and/or further education.

Section 4

How will the NCFE IIQ Licence benefit your organisation?

- Competitive edge – NCFE accreditation provides further value to your proposition to help you gain and retain clients.
- Manage risk – operate within a quality framework to help provide evidence to third parties, such as government bodies, about the quality of the learning experience that you offer.
- Audit trail - you'll be visited twice a year by one of our Quality Verifiers (QV), who'll provide a report about course delivery and assessment, to demonstrate rigour and quality in helping your learners achieve their goals.
- Minimise costs - minimise resource costs and the administrative burden for producing certificates by letting us do it for you with our competitive registration/certification fees.
- Speedy service – your courses could be accredited within 15 working days, once approved for the NCFE IIQ Licence.
- Your brand on our certificates – NCFE certification that bears your organisation's logo.
- Quick and easy certification – our one day certification turnaround means your learners won't be waiting around.

Section 5

NCFE IIQ Licence Fees

The NCFE IIQ licence is a cost-effective way for centres who want to develop several courses. Fees for the licence comprise of 3 separate elements – an initial approval fee; an annual licence fee; and the combined registration and certification fee for each learner.

Initial Approval Fee – £500

The initial approval fee contributes towards the cost of work to assess the eligibility of the centre for the licence, the QV's approval visit and the administrative costs of the approval (including issuing the appropriate contract, licence and initial supporting documentation). The fee is non-refundable.

Annual Licence Fee – £2,000

The annual licence fee allows you to develop, deliver and evaluate an unlimited number of bespoke learning courses. It contributes towards the costs of providing a team of QV's. It also covers the on-going support of NCFE's Accreditation team for all IIQ licensed centres.

The initial IIQ Licence fee will be calculated on a pro-rata basis from the date that a new IIQ centre gains approval, thereafter; the annual IIQ Licence fee will be invoiced at the beginning of each academic year (1 September).

Registration and Certification combined fee – £11 per learner

This contributes towards the administration costs of registering and, where applicable, issuing a certificate for a learner. The fee is invoiced at the point of registration.

Letter of Unit Credit Certificate Fee

You can request a Letter of Unit Credit Certificate for any learner who achieves at least one full unit of their IIQ course. The first Letter of Unit Credit Certificate will be free of charge.

Advisory Visits – £600

Advisory visits are used to provide extra support to a centre either prior to the approval visit or in addition to the 2 monitoring visits. Advisory visits must be approved in advance by the centre and NCFE's Accreditation team. The fee for an advisory visit is a one-off, non-refundable fee which contributes to the costs of the QV and any travel expenses.

Section 6

Guiding Principles to the NCFE IIQ Licence

The NCFE IIQ Licence is underpinned by the following principles:

- by applying for the NCFE IIQ Licence, centres are also indicating a willingness to work with NCFE in sharing good practice and thereby raising standards of education and training
- the centre understands the on-going requirements of NCFE's IIQ Quality Statements and Performance Criteria, and these may change from time to time
- the ownership of course design and content (Intellectual Property Rights) remains with the centre
- course details are regarded as confidential to the centre and to NCFE and will not be divulged by NCFE to a third party without prior agreement from the Licensed Centre
- the centre will not advertise and promote provision as accredited by NCFE until approval for the NCFE IIQ Licence has been confirmed and following that the centre has received written confirmation, from NCFE, that accreditation has been awarded for each individual course
- a senior representative of the centre must be nominated as the IIQ contact for the centre
- evidence put forward for the QV approval visit must have been approved at a senior level within the centre
- all staff members involved in the delivery of courses, that are to be registered and recognised under the NCFE IIQ Licence, have the appropriate skills, experience and qualifications to deliver and quality assure the courses in line with the course standards/ requirements; and be aware of the requirements of the licence and their role in adhering to it
- under the terms and conditions of the IIQ Licence Agreement, the Licensed Centre will be responsible for the content, accuracy and legality of any course information or material. This includes making sure that all advertising and promotional course information or material which is printed, on any website or in any electronic form adheres to the Ofqual Condition B5.1 and Condition B5.2
- the centre understands that; if the centre doesn't register any learners within one year of the approval visit and following that the anniversary of the approval visit date, then NCFE have the right to immediately terminate the IIQ Licence Agreement

Section 7 Occupational Competence Guidelines

Essential

All tutors or trainers should:

- hold or be working towards a current recognised teaching or training qualification
- have current or recent teaching or work experience in relevant sector

Occupational Background

The delivery team should have:

- an experienced Internal Verifier/
Moderator
- an experienced Tutor or Trainer

NCFE recommends that at least one member of the team has an adult teaching qualification.

Desirable

- currently assessing, moderating or verifying in that sector
- membership of professional sector-specific bodies or institutes

Section 8

Stipulations for Advertising and Promoting Non-regulated Courses (Investing in Quality Licence)

NCFE's IIQ Licence is designed to give formal recognition to organisations' bespoke education or training provision. Courses of recognised bespoke education or training are regarded by Ofqual to be 'non-regulated' provision – but are subject to Condition B5, 'Representations regarding qualifications' as follows:

B5.1 – Statements regarding qualifications which are not regulated qualifications

An awarding organisation must not (and must take all reasonable steps to ensure that any person connected with it does not) make any statement that would be likely to lead users of qualifications to believe that a qualification it makes available is a regulated qualification when it's not a regulated qualification.

B5.2 – Advertising and promotion of qualifications

An awarding organisation must not (and must take all reasonable steps to ensure that any person connected with it does not) advertise or promote its qualifications in a manner that is likely to be misleading to users of qualifications.

Under the terms and conditions of the IIQ Licence Agreement, the Licenced Centre is responsible for the content, accuracy and legibility of any course information or material. This includes making sure all advertising and promotional course information or material which is printed; or on any website; or in any electronic form, which must adhere to the Ofqual Condition B5.1, and Condition B5.2 above.

All bespoke courses that are recognised by NCFE under the Centre's IIQ Licence are subject to the Stipulations and Guidelines for Advertising and Promotion Course Information. NCFE reserves the right to verify what it considers advertising or promoting course (s) in a manner that's likely to be misleading to learners.

As the Conditions above apply to NCFE any confirmed or intended breach of these Conditions by the Licenced Centre will be taken very seriously by NCFE and NCFE has the right to terminate the IIQ Licence Agreement immediately and without notice as a result.

Section 9

Becoming an NCFE IIQ Licensed Centre

If you already work with us for other NCFE provision (eg regulated qualifications) you'll still need to complete the IIQ Licence Application form and have an approval visit by a QV. This is because we need to assess your eligibility for the IIQ Licence against the performance criteria of the 7 IIQ Quality Statements.

It's your responsibility to demonstrate how you meet the requirements for each Quality Statement and associated Performance Criteria.

We ask that you provide evidence in support of each Performance Criterion so please tell us about your policies, processes and resources in the right hand column of section 6 of the application form by using Appendix A to help you - we've suggested some evidence in the right hand column.

Section 10

Becoming an NCFE Centre

NCFE

1. If you're not already an NCFE centre we'll assign a Centre Support Assistant (CSA) to process your application and allocate a QV.
2. Once a QV has accepted the allocation, your CSA will email you within 5 working days of receiving your application to introduce themselves, confirm the name of your QV and send you the invoice for the £500 initial approval fee. They'll also tell you that your allocated QV will contact you within 5 working days to arrange a mutually convenient date and time for their visit.

Quality Verifier:

1. Within 5 working days of being allocated your centre, the QV will email you to introduce themselves; and to outline what you need to do for the visit, the format of the visit and to arrange a date and answer any queries you may have about the process.
2. The QV will then either call you a couple of days later to agree a date and time; or will send you an email with suggested dates and times and contact you later to confirm which is most suitable.

3. On the day of your approval visit the QV will go through your application form with you, so it would be helpful to have any supporting evidence available for them to look through. The QV will give you a decision in principle (subject to NCFE approval) and then they have 5 working days after the approval visit to write their report and send it to NCFE.
4. The QV will also propose a date for your monitoring visit in 6 months time.

NCFE

1. On receipt of the approval visit report NCFE will confirm the approval decision within 5 working days. We'll send you a copy of the report, your IIQ Licence Agreement for your signature (it's important that you read the IIQ Licence Agreement to understand your obligations as an IIQ centre), a centre certificate, an invoice for the £2,000 annual licence fee and other supporting documentation.
2. After you're confirmed as an NCFE IIQ centre you'll be able to register your bespoke courses and candidates under the IIQ Licence – we've a service level agreement of 15 working days to approve and accredit each of your IIQ courses but this may be less depending on demand.

Section 11

Registering your IIQ courses for Accreditation

Once your centre has been awarded the IIQ Licence you can begin to register the courses that will lead towards NCFE certificates of achievement, through the accreditation process. NCFE should be notified of such courses using the NCFE Investing in Quality New Course Approval Form (Form IIQ12-NC).

Once we receive this information, we'll review it and approve it within 15 working days. If we've any concerns about the information provided we'll contact you and give you an action plan.

When we approve the course the certificate details will be entered onto our database and a confirmation report will be sent to your centre for signature to confirm that the details to be shown on the certificate are accurate and correct and to acknowledge adherence to Ofqual's Conditions of Recognition B5.

Once your course is confirmed as accredited you'll need to follow NCFE's Learner registration and certification procedures. All centres will receive full support from NCFE, including a dedicated NCFE centre contact.

Section 12

Guide to Writing units for Bespoke Courses

If you need help writing your learning outcomes and assessment criteria, or choosing the most appropriate assessment method(s), why not use our Guide to Writing Units for Bespoke Courses to help you. Download a copy from our website (ncfe.org.uk) or request a copy from our Accreditation Services team.

Section 13

Registering and Certifying Learners for Certificates of Achievement

The easiest way to register and keep track of your learners' progress is to use the NCFE Portal, our online learner administration interface. You can use the Portal to:

- register learners
- claim certificates
- download forms, invoices and reports
- view your learners' status 24 hours a day.

Download the relevant materials from ncfe.org.uk or request them from your CSA.

To access the NCFE Portal you'll need to apply for a username and password. This can be done by completing the NCFE Portal registration form which is located on the Portal section of our website.

Once you have your password you can log on and start registering.

Once your learners are registered with NCFE we'll allocate a unique 'batch reference number' to your group. The batch reference number is used to track groups of learners, from registration to certification and you should use this batch number when making enquiries.

Please ensure that you register your learners with NCFE as soon as possible. This ensures you receive all the help and support you need from us, and we're aware of the learners in the pipeline if they've an enquiry for NCFE.

Section 14

Use NCFE's IIQ Logo

As an NCFE customer we'd love you to use our IIQ logo and refer to NCFE's accreditation. Our logo is available to all centres approved to develop courses under our IIQ Licence. You can use this logo on any documentation or media relating to your IIQ courses which fall under your centre's agreement with NCFE.

Instructions for the use of the IIQ Logo is at Appendix 2

You can also have your centre's logo on your learners' certificates of achievement which means we've confidence in your training, helping you to re-enforce your brand to gain and retain your clients. Just send us a good quality Jpeg of your logo.

Section 15 Centre Visits

The purpose of the bi-annual IIQ monitoring visits, made by the QV, is to make sure that systems and procedures are still in place and are being applied to provision falling within the scope of the IIQ Licence.

The QV will also monitor how the NCFE IIQ logo is being used. The QV will liaise with your centre contact in agreeing the content and timing of his/her visits.

Centres approved for the IIQ Licence

must adhere to the Quality Statements and Performance Criteria. The centre must demonstrate its on-going commitment to safeguarding the interests of its learners and maintaining quality standards as required by the Quality Statements throughout the licence period.

Section 16 Reporting Arrangements

After each visit the QV will submit a written report to NCFE which will be copied to the centre within 10 working days of the visit. Each report will cover the following:

- a factual description of the scope of the visit
- judgements on the licensed provision based on the evidence seen, including examples of good practice
- each IIQ performance criteria will be graded
- feedback in the form of recommendations for action.

It's expected that centres will make use of these reports in their self-assessment and internal audit activity.

Section 17

The Role of the NCFE Quality Verifier

The role of the NCFE Quality Verifier is to:

- undertake initial approval of the centre under the IIQ Quality Statements and Performance Criteria, then provide a report with an action plan for the centre
- make contact with allocated licenced centres, maintain contact with licenced centres between visits and log all communication made and received
- make 2 visits per year to each allocated licenced centre
- devise and produce visit plans in consultation with the licenced centre
- provide reports of centre visits and other advisory activities, within the timescale required by NCFE
- review the licenced centre's documented system(s)/procedures in accordance with the performance criteria
- review the content and assessments for the licenced centre's courses
- review the licenced centre's use of the licence
- inform licenced centres promptly

and accurately of instances where the supporting evidence is insufficient or missing

- provides examples of good practice and where there are areas requiring further development
- provide feedback to licenced centres and NCFE on how centres might continue to develop their quality standards
- respond promptly to licenced centres' requests for advice on meeting the requirements of the licence
- provide NCFE with examples of good practice
- contribute to NCFE's review of the supporting evidence
- refer any queries about the evidence to NCFE
- attend annual training sessions
- provide excellent customer service, in accordance with NCFE's quality standards.

Appendix 1

Investing in Quality Licence

Quality Statements and Performance Criteria

Centres approved for the IIQ Licence must adhere to the Quality Statements and Performance Criteria set out in this schedule. The centre must demonstrate its ongoing commitment to safeguarding the interests of its learners and maintaining quality standards as required by the Quality Statements throughout the licence period.

Using the Quality Statements

It's the centre's responsibility to demonstrate how they meet the requirements for each Quality Statement and associated Performance Criteria. Centres must provide evidence in support of each Performance Criterion.

To help you we've suggested some evidence in the right hand column below, however, NCFE recognises that centres have their own quality systems so the evidence examples are for guidance only and can be changed to suit centres individual needs.

Appendix 1
Investing in Quality Licence
Quality Statements and
Performance Criteria

Quality Statement No 1 - Quality Assurance The centre has clearly documented and implemented quality assurance policies and procedures	
Performance Criteria	Suggested evidence which can be used to satisfy the performance criteria
<p>1 The centre must have clearly documented and implemented quality assurance policies and procedures, which ensure that each course:</p> <p>1.1. is subject to a systematic internal approvals process, which confirms that there's valid and reliable rationale for writing the course; and that there's written confirmation that there's not a more suitable existing qualification on the Ofqual 'Register of Regulated Qualifications' http://register.ofqual.gov.uk/</p> <p>1.2. is fit for purpose by having clearly stated aims, objectives, learning outcomes and associated assessment criteria and guidance for recording assessment</p> <p>1.3. ensures that the stated learning outcomes and assessment criteria are appropriate to the level assigned to the course, in accordance with the 'NCFE Instructions for Writing Units for Bespoke Courses'</p> <p>1.4. includes programmes of learning and session plans which cater for individual learner needs</p> <p>1.5. for distance learning courses, includes appropriate workbooks and study guides</p>	<ul style="list-style-type: none"> • internal approvals procedure • minutes of internal approval meetings • confirmation of the internal decisions, and the approval panel members names are recorded • sample course documentation/ specifications including aims, objectives, outcomes and assessment criteria • the measurable learning outcomes are at a defined level and benchmarked against level descriptors, which can be found in Appendix 3 to the 'NCFE Instructions for Writing Units for Investing in Quality (IIQ) Courses' • schemes of work, learning programmes, session plans and individual learning plans • workbooks and study guides

Appendix 1

Quality Statements and
Performance Criteria

Quality Statement No 7 - Assessment and Internal Verification The centre has clearly documented and implemented policies and procedures for the assessment and internal verification of IIQ courses	
Performance Criteria	Suggested evidence which can be used to satisfy the performance criteria
7.8. learners understand all aspects of the assessment process including appeals 7.9. learners receive timely and constructive feedback which highlights both the positive aspects of their work and any areas for improvement 7.10. appropriate assessment and internal verification records are maintained for a minimum of 3 years. This includes records showing: <ul style="list-style-type: none"> • lists of learners registered with NCFE for each IIQ course offered • learner assessment records • records of internal verification activity • records of IIQ certificates claimed, including partial achievement 7.11. there's effective communication within the delivery team 7.12. actions from assessment and internal verification activities are completed in an agreed timescale 7.13. where external assessment is part or all of the assessment method for an IIQ course, the centre must have robust procedures for conducting external assessments and these must be made available to the QV when requested on a visit.	<ul style="list-style-type: none"> • course/assessment handbooks. Discussions with learners • samples of assessed work. Assessment, tutorial and progress review records. Observation of assessment by a QV. Discussions with learners • assessment and internal verification records • learner registration details • learner certification details • discussions with learners • assessment and internal verification records • details of the arrangements for storage of external assessment materials and invigilation of external assessments • guidance for the conduct of external assessment is provided in the NCFE Regulations for the Conduct of External Assessment external assessment is provided in the NCFE Regulations for the Conduct of External Assessment

Appendix 2

Instructions for the use of the IIQ

The IIQ logo is a square block in proportion incorporating both NCFE's corporate ID and the Investing in Quality marque in a ribbon style graphic.

Our logo is available to all centres approved to develop courses under our IIQ Licence. You can use this logo on any documentation relating to these courses or procedures which fall under your centre's agreement with NCFE (promotional materials included).

As the Licenced Centre you agree and undertake with us that:

- you won't advertise and promote provision under the IIQ logo when it's outside the scope of the Licence
- you won't use the NCFE and/or IIQ logo on any certificates that are produced by you and issued to learners.

The guidelines below should keep you on the straight and narrow when you're creating anything using the IIQ logo. You can access the logo by getting in touch with the Accreditation Service team who are happy to advise you on usage. It will be sent to you as an email attachment.

Email: accreditationteam@ncfe.org.uk

1.0 Clear space and minimum size

The IIQ logo must always be surrounded by a minimum clear space which must remain free from any other graphic elements to ensure maximum visibility.

The minimum size for the IIQ logo is 15mm (printed applications) or 43 pixels (digital applications). Therefore the IIQ logo can be no smaller than **23.5mm x 24.5mm**.

2.0 Incorrect usage, orientation & backgrounds

The IIQ logo should never appear at any angle other than horizontal and must never appear within a heading or a sentence. NCFE prefers the logo not to be used on patterned backgrounds but where this isn't possible (photographic images etc), please make sure that the minimum spacing is maintained and that the logo is not distorted by the background image.

Do not rotate.

Do not remove the ncfe logo.

Do not place over an image.

Do not stretch.

Appendix 2

Instructions for the use of the investing in Quality logo

3.0 Colours

There is one variation of the IIQ logo and that is as shown. The colours used are black and white. Please don't change the colour scheme.

4.0 Positioning

Wherever possible the IIQ logo should appear in the top left hand corner of the document.

5.0 Size

To ensure maximum brand consistency, the size of the IIQ logo should be 24mm wide on a A5, 34mm wide on a A4 and 48mm wide on a A3 document.
